Introductory

SPRING 1904

WE HAVE MADE PREPARATION for and expect to have this year the largest year's business in our history. We made extensive additions to our greenhouse plant the past season, and by the coming fall we expect to be in our new store building which we will erect this summer, at 318 N. Main St.

When in our city we invite you to visit our store and greenhouses and can assure you most courteous treatment.

Our terms are cash with order. Remittance by postal or express money order or bank draft preferred. Stamps of two-cent denomination accepted for small amounts.

We exercise great care in having our seeds, bulbs, plants, etc., true to name and reliable, but give no guarantee in any way, as so many conditions other than the quality of the seeds, bulbs, plants, etc., enter into the successful growing of a crop.

We respectfully solicit a share of your patronage.

February, 1904.

Vegetable Seed

We buy our seed entirely of reliable parties and have no hesitancy in saying they are as good as any on the market.

We buy only the standard and tried varieties suitable for this section and test most of the seed before sending it out.

We want our reputation to be based on the quality of the seed rather than the cheapness of price.

The gradual increase in our business from year to year shows that our seed is giving satisfaction.

THE GRAND PACIFIC TOMATO.

Photo taken August 25, 1903, of Grand Pacific Tomatoes in garden of Mr. H. S. Humes, of this city.

THE GRAND PACIFIC TOMATO.

A Tomato of Quality. **Once Grown, Always Grown.**

We have grown this tomato for several years and every season adds to the proof that it is all and more than we have ever claimed for it. We have hundreds of customers who prefer it to any other tomato, and wherever it is once grown it is always grown.

Habit. Rather tall growing. Will do much better if trained on stakes or trellises than if allowed to run on the ground.

Earliness. Last season several customers reported ripe Grand Pacific Tomatoes before the 1st of July.

Productiveness. A wonderful producer, yielding freely, and for a long season. One grower picked eighteen tomatoes averaging over one pound each from eighteen inches of vine.

Mr. Harry Grove, 1314 W. Mulberry St., planted 18 plants of the Grand Pacific Tomato. He had plenty for his table during the season, canned 2½ bushels, and sold $9.00 worth, all from the 18 vines.

Size. The fruit is very large, often weighing from 1½ pounds to 2 lbs.

Color. Similar to Dwarf Champion and Acme.

Quality. Unexcelled. Solid fruit, containing very few seed.

Price. We have a limited number of packets of seed of the Grand Pacific Tomato which we saved from fruit grown on our place. We offer this seed at **25c per packet.**

We would like all our customers to try a packet of seed or a few plants of the Grand Pacific Tomato as we are sure they will be pleased with the variety. (For plants see Vegetable Plants.)

Summer Bulbs and Tuberous Rooted Plants.

ALL BULBS, TUBERS, AND PLANTS, TO GO BY EXPRESS AT PURCHASER'S EXPENSE, UNLESS OTHERWISE NOTED.

BEGONIAS.

Tuberous Rooted. These grand flowers are becoming more popular each year. Where they can be given a partially shaded location a bed of tuberous Begonias makes one of the most brilliant masses of color imaginable. Bulbs should be started in pots, and when danger of frost is over, planted in beds.

Postpaid.

Single. Scarlet, pink, white, yellow. 10c each, 4 for 25c, 75c per doz., $5 per 100
Double. Scarlet, pink, white, yellow. 10c each, 3 for 25c, $1 per doz., 7.50 per 100

CINNAMON VINE.

This is an excellent climber for porches. The vines make a very rapid growth and attain a height of 12 to 20 feet. The leaves are heart shaped and very prettily marked. They are perfectly hardy and the roots can be left in the ground over winter.

Strong roots. 10c each, 4 for 25c, 75c per doz. If wanted by mail add 1c each for postage.

MADEIRA VINE.

This is so well known that it does not need much of a description. The vines make a very rapid growth, foliage bright green, and the white flowers are borne very freely. The bulbs are not hardy but can be kept in a cellar almost as easily as potatoes....**Large tubers, 5c each, 45c per doz., Postpaid**

CALADIUM OR ELEPHANT'S EAR.

CALADIUM OR ELEPHANT'S EAR.

These are very effective plants for massing or for specimen plants on the lawn. The dark green leaves often measure 3 to 3½ feet in length. Height 4 to 6 feet.

Bulbs 2½ to 3 inches in diameter, 15c each. 2 for 25c, $1.50 per dozen.

If wanted by mail add 4c each for postage.

Bulbs 3 to 3½ inches in diameter 20c each, 2 for 35c, $2 per doz.

If wanted by mail add 6c each for postage.

Large Plants, 35c to 50c each.

CANNAS.

These are among the most effective bedding plants on the market and are steadily increasing in popularity. Stocks are nearly always exhausted before the season is over.

Strong Tubers (during March).....10c each, 3 for 25c, $1.00 per doz.

If wanted by mail add 2c each for postage.

Large Plants (April 15th to June 15th.) We advise buying plants and avoid risk of bulbs failing to start. They also make a showing much quicker.

Price.....15c each, 75c for 6, $1.50 per doz.

We list the following kinds, and as they are all standard varieties no mistake can be made in selecting any of them.

President McKinley (3 feet). Brilliant crimson, foliage dark green edged with chocolate.

ITALIA.

Beaute Poitevine (3 feet). An excellent dwarf, free flowering, crimson.

Chas Henderson (3 and one-half feet). One of the best of the dwarf, crimson-flowered cannas.

Chicago (5 feet). This is considered by many to be at the head of the list in red varieties.

Egandale (4 and one-half feet). This is the best of the bronze or red leaf varieties. Flowers a bright red.

Mlle. Berat (5 ft.) This is the standard pink variety. A very strong grower.

Florence Vaughan (5 feet). This canna is perhaps better known than any other variety. Flowers are bright yellow, thickly dotted with red.

CANNAS.—(Continued.)

Madame Crozy (3 and one-half feet). One of the best of the gilt edge varieties. Flowers a bright red with narrow yellow margin.

Queen Charlotte 4 feet.) Bright red, with wide gold border. One of the best.

Burbank (5 feet). This is the nearest approach to a pure yellow canna on the market. The flowers are very large and are produced very freely. This variety and **Italia** are orchid-flowered cannas and must be planted in partial shade, as they will not stand the full sun. The sun does not injure the plants, but turns the flowers white.

Italia (5 feet). Center of flower a bright red, outer edge a beautiful shade of yellow. The beauty of the flowers of this variety and **Burbank** cannot be described.

CANNAS ARE RANK GROWERS AND NEED A RICH SOIL AND PLENTY OF WATER.

NEW ORCHID-FLOWERED DAHLIA. "Twentieth Century."

DAHLIAS.

The dahlia, owing to its great improvement in the past few years, is rapidly becoming one of the most popular outdoor plants. By the introduction of new, dwarf, and early flowering varieties, and several new types, it can hardly be recognized as being connected with the dahlia of a few years ago.

We offer some of the latest and best varietics and such varicties as we grow for cut-flowers for sales at our store.

Twentieth Century. Single. The finest single dahlia ever introduced. Rosy crimson tipped with white. As the season advances the flowers grow lighter until nearly white, suffused with pink. Flowers are good keepers when cut, of enormous size, and are produced freely.

Strong Roots.....50c each, 3 for $1.25

NEW CACTUS DAHLIAS.

Wildfire. This varicty was introduced in 1901 and stands at the head of the single scarlet dahlias. Flowers arc of good size and it is a profuse bloomer.

Profusion. One of the newer cactus dahlias and is second only to **Countess of Lonsdale** in profusion of bloom. Color, bright pink; flowers of good size and produced in clusters.

DAHLIAS.—(Continued.)

Strahlen Krone. Bright red with long, twisted petals. One of the best of the cactus varieties.

Countess of Lonsdale (Cactus). Apricot in color. One of the earliest and freest bloomers.

Clifford W. Bruton (Decorative). One of the best yellows; flowers very large; a tall, vigorous grower.

Matchless. Dwarf and branching, strong and vigorous. Flowers a bright crimson. An excellent variety.

Nymphea (Decorative). Light pink, flowers medium in size; a very early and constant bloomer.

Grand Duke Alexis (Double Quilled). Color, a pure white tinged with pink. Flowers of the largest size.

Psyche. Pale primrose, shaded rose. A dwarf, branching plant and one of the most profuse bloomers.

Storm King. Flowers are snow white and produced on long stems. An exceptionally early and profuse bloomer.

A. D. Livoni (Double Quilled). Soft pink. One of the best.

Any of above varieties, strong tubers.....35c each, 4 for $1.00, $2.50 per doz.

GLOXINIA.

This is an excellent summer pot plant, producing trumpet-shaped flowers in shades of red, white, and purple. Treat same as begonias.

Bulbs. Mixed colors.....10c each, 3 for 25c, $1.00 per doz. Postpaid

GLADIOLUS.

If Gladiolus bulbs are wanted by mail add 10c per dozen for postage. Price of single bulbs includes postage.

This is a plant that everyone who can grow flowers at all, can have success with. Plant the bulbs the last of April or fore part of May in good soil. Keep the soil well stirred and they will need very little other attention until time to stake them. They are particularly good as cut flowers as their keeping qualities are excellent. We offer the following kinds which can be highly recommended.

May. White or light pink flaked with crimson. This is a beautiful gladiolus and should be in every collection.

5c each, 50c per doz.....$3.25 per 100

1900. This is one of the best novelties of recent introduction. The flowers are a brilliant red with a white spot on the lower petals. A very showy flower either in the flower bed or as cut flowers.

7c each, 60c per doz.....$4.00 per 100

Choice Mixed. An excellent mixture of light colors. Sure to bloom and will give satisfaction.....**5c each, 35c per doz., $2.50 per 100**

HARDY LILIES.

Lilium Auratum. Golden Banded Lily of Japan. One of the largest and most fragrant of the hardy lilies. Flowers white, dotted with reddish brown spots and having a yellow stripe down the center of each petal.

Extra strong bulbs.....**20c each, 3 for 50c, $1.75 per doz.**

HARDY LILIES—(Continued.)

Lilium Speciosum Album. A very pretty lily of medium size. Petals turn back to stem of flower.

Extra large bulbs.....20c each, 3 for 50c, $1.75 per doz

Lilium Speciosum Rubrum. Similar to **Lilium S. Album** in form and habit. Flowers spotted with bright red.

Extra large bulbs.....20c each, 3 for 50c, $1.75 per doz.

Lilium Speciosum Melpomene. Similar to **Album** and **Rubrum** in form and habit, but a rich red color with petals edged with white.

Extra large bulbs.....20c each, 3 for 50c, $1.75 per doz.

If any of above lilies are wanted by mail add 3c each for postage.

TUBEROSE.

These are too well known to need description. If bulbs are started in the house in April no trouble will be experienced in their not blooming before frost.

Dwarf Excelsior Pearl. This is the most desirable variety and is grown almost exclusively.

First size bulbs.....5c each, 3 for 10c, 35c per doz., 3 doz. for $1.00

If wanted by mail add 10c per doz. for postage.

Greenhouse and Bedding Plants.

All plants sent by express at purchaser's expense, unless otherwise noted

AGERATUM.

Blue. A continuous bloomer. An excellent plant for edging a geranium or coleus bed.....10c each, 4 for 25c, 75c per doz.

ALYSSUM.

Maritimum. Strong plants.....5c each, 6 for 25c, 12 for 50c

ARAUCARIA.

Excelsa. A beautiful evergreen, very symmetrical, and an excellent house plant.

CARNATIONS.

We grow these in large numbers and offer the following standard varieties.

Mrs. Fisher. The best white variety for summer blooming. Flowers a pure white, very free, and having a strong clove fragrance.

Ethel Crocker. Dark pink.

Mermaid. Light pink.

Wm. Scott. This variety is perhaps more widely known than any other kind. Flowers are a beautiful shade of pink, not as large as some of the later introductions, but its free blooming qualities recommend it to all.

Thomas Cartledge. Magenta red. This is a companion to **William Scott** in free blooming qualities.

White Cloud. One of the finest of the white varieties. Flowers very large and borne on long, strong stems.

Queen Louise. An excellent white; very free bloomer; one of the later introductions.

Estelle. Bright scarlet. A fine one.

Morning Glory. A beautiful shade of light pink.

Mrs. E. A. Nelson. Dark pink; large flower; petals deeply cut on edge.

Triumph. Dark pink; one of the best for size of flower and productiveness.

Genevieve Lord. A pleasing shade of pink, lighter than the two preceding varieties.

Glacier. A pure white; very free flowering.

Mrs. Frances Joost. Dark pink. A kind once had, always wanted.

Price of any of above varieties, strong plants.10c each, 4 for 25c, 75c per doz.

Hardy Perennial Plants

This is an exceptionally interesting class of plants and in the past few years has increased in favor very rapidly.

New kinds have been introduced and old ones improved so that the variety is almost unlimited. Most of the plants are perfectly hardy and when once planted need but very little attention outside of a little judicious pruning each season.

The plants do not make their full growth in one season, as with the annual, but increase in size and beauty for several years.

We offer the following list of hardy perennials and can recommend them as being among the best. The earlier in the spring they are planted, the better for them.

ACHILLEA.

The Pearl. An excellent low growing plant. The white flowers are produced very freely and are very lasting when cut.

Price.....20c each, 3 for 50c, $1.75 per doz.

AQUILEGIA OR COLUMBINE.

Cerulea. A variety from the Rocky Mountains. Flowers, lilac and white. A very beautiful flower.

EULALIAS.

One of the most valuable of the hardy grasses. Plants form large clumps (6 to 8 feet high), and do well in all parts of the country.

Japonica Zebrina. Foliage striped crosswise with yellow.

Japonica Variegata. Long narrow leaves, striped green and white.

Gracilis Univitata. A graceful and beautiful variety. Narrow, green leaves with white mid-rib.

Any of the above varieties.....25c each, 6 for $1.35, $2.50 per doz.

FUNKIA (Plantain Lily.)

Undulata Variegata. Leaves 8 to 10 inches long and finely variegated green and white. Flowers deep blue.

Cordata. Foliage light green. Flowers white and quite fragrant. Both of these varieties have such pretty foliage that they would be desirable even if they did not bloom, either variety.....20c each, 3 for 50c, $1.75 per doz.

CINNAMON VINE.

See Summer Bulbs.

HARDY ROSES.

MONTHLY OR EVERBLOOMING.

The roses in this class are not entirely hardy in this climate, but will live through most of the winters, if well protected. They are continuous bloomers, from early in the summer until frost.

Mad. Hoste. White. A strong grower and free bloomer. Flowers produced on long stems.

Perle des Jardins. This rose resembles the Marechal Neil in color and is one of the best in this class.

Papa Gontier. A stronger grower, with good foliage. Buds long, and rich red in color.

Etoile de Lyon. One of the hardiest roses in this section. Flowers a pleasing shade of yellow.

Mad. de Watteville. White. Flowers large and of good shape.

Price of strong pot plants.....35c each, 4 for $1.00, $2.75 per doz.

POLYANTHA.

This class of roses is quite hardy and require but slight protection. The flowers are small, and borne in clusters. An excellent class for cemetery planting.

Mosella. Yellow. Dwarf and bushy.

Pink Soupert. An excellent pink rose, and a very free bloomer.

Clothilde Soupert. This grand variety is perhaps better known than any other in its class. Flowers white, shading to pink in center. Very hardy.

Strong pot plants.....35c each, 4 for $1.00, $2.75 per doz.

BOURBON.

This class of roses needs some protection, but are very free flowering and almost continuous.

Souv. de la Malmaison. Flowers large and double. White.

Price of strong pot plants.....35c each, 4 for $1.00, $2.75 per doz.

HYBRID TEA.

The roses in this class are nearly perpetual bloomers, and will stand our winters with very slight protection.

La France. A rose so well known that it hardly needs describing. Color is a delicate pink, with inside of petals shading to almost white. Double and very fragrant.

Duchess of Albany. A little deeper in color than La France, and a little larger. An excellent variety.

Meteor. One of the finest roses in this class. Color a rich crimson. Very free bloomer.

HARDY ROSES.—(Continued.)

Kaiserin Augusta Victoria. A large, very finely formed flower. Color a light cream or white.

American Beauty. A rose that is quoted in a class by itself in the wholesale cut-flower markets. Flowers red, very large, and exceedingly fragrant.

Liberty. One of the later introductions in this class. Color a brilliant crimson.

Price of strong pot plants.....35c each, 4 for $1.00, $2.75 per doz.

HYBRID PERPETUAL.

These are the hardiest of all the rose family, and will usually live out over winter in this climate, with very little or no protection. These roses bloom in May or June, and usually produce a second crop of flowers in September and October. While the roses in this class do not bloom as freely as the ever-blooming varieties, they far outclass the latter in size of flower and brilliancy of color.

Captain Christy. Light pink, with darker shadings in center.

Dinsmore. A dwarf, bushy-growing variety, with deep crimson flowers. Very free flowering.

Fisher Holmes. Rich crimson. Large flower.

Gen. Jacqueminot. A well known variety. Color a rich crimson. Very free flowering.
